

# TAKE YOUR KIDS ON A MISSIONS JOURNEY!

Children's leaders around the country have requested children's missions discipleship materials that are **simple to use**, contain **more robust Bible study**, and offer **in-depth mission studies**.

## Missions Journey: Kids has everything you need.

With **Missions Journey: Kids**, you will be ready to lead your kids on the adventure of a lifetime—an adventure born in the heart of God.

Written with every church in mind, **Missions Journey: Kids** gives you flexibility to create the missions discipleship your kids need, whether you lead boys, girls, or a coed group, and whether your group is large or small.

## What is different about Missions Journey: Kids?

Every session in **Missions Journey: Kids Leader** will give you targeted tips for teaching mission study and discipleship, Scripture memory and application, and suggestions for customizing the session to your group.

In **Missions Journey: Kids Adventure**, boys and girls will have fun while they discover and explore our heroes of the faith, from contemporary missionaries to the great men and women of the Bible.

You can look to **Missions Journey: Kids Leader Kit** for full-color posters, games, and activities.

## How do I maintain the identity of my children's group?

For churches who wish to provide Girls in Action, Royal Ambassadors, and Children in Action, WMU will continue to create and carry resources for these missions discipleship groups, including badges and patches; achievement plans; and identity items like bracelets, footballs, and posters and flags for your meeting space. We love GA, RA, and CA too!
