

MISSIONS JOURNEY: *Students*

STUDENTS CURRICULUM PLAN FOR 2022-23

No longer children but not yet adults, teenagers are living through a unique and formative time of life. That's why it is critical to help students build a firm faith foundation before they head off into the world. Missions discipleship for students instills a strong biblical framework, awakens in them a passion for the gospel of Jesus Christ, and provides opportunities for them to live out their faith in tangible ways.

The following information is an overview of what students will learn during the 2022-23 church year in each monthly unit of *Missions Journey: Students*, WMU's missions discipleship curriculum for students. You can use the following information as a guide to begin planning and preparing for the upcoming year in missions discipleship for students and their families.
